

- "We just wanted to thank you guys for the great beach. Without TTC Beaches we would not be able to even walk into the water. Now we have nice soft sand and the kids can play in the water. We could not have enjoyed the past 2 summers at the lake without your help."

- "A few years ago we had TT&C install a very nice sized beach. The great thing was it only took them 1 day and the next day we had a sandy beach and could walk into the water with no worry of any more muck. The installation crew was professional and organized!"

Kenny M.

-"I would like to thank Chris and the team for the great job they did with our beach sanding project. They helped us through the whole permit process, and completed the job in a couple of hours with no disruption to our yard. Our family really enjoyed the summer and the ability to play in the water w/o the muck. The ability to go from a soft and mucky bottom, to a hard sandy bottom in a matter of hours was great!

Great company, great team, and awesome results!!!"
